U.S. Application No. 10/522,311

Our Ref.: 8007-1088

Dear Examiner Han:

Attached, please find annotated SEM photomicrographs for discussion during our interview on Thursday June 24, 2010.

The agenda during the interview will be to discuss the “continuously filled” limitation and any amendments to the claims that would better set forth this distinction over the applied art.

Truly yours,

Robert Goozner
